# Simon Gutierrez

Queens, NY | 718-913-4657 | **saguti15@g.holycross.edu**

**https://github.com/SimonGutierrez** | **https://www.linkedin.com/in/simongutierrez/**

## Technical Skills

- Bilingual (English and Spanish), JavaScript, Node.js, React, React-Native, Git, Restful API, Data Structures, Redux, HTML, CSS, Google Cloud, Mocha, Chai, Express, Pair Programming, Problem Solving, SQL, postgreSQL, mySQL, Jasmine, Xcode, Dart, Flutter, Travis CLI, Heroku, Webpack

## Projects

**My-Market-Manager | Owner | Feb 2020 - Current | Google Cloud, React, Redux | My-Market-Manager**
A stock exchange website that provides users the ability to purchase stock and dynamically view its performance.
• Built search, buy, portfolio and transactions user interfaces using React and Redux.
• Built a user's portfolio using Google Cloud Firestore and the Alpha Vantage API.

**NYC-Budget-Visual |** *NYC Coders Hackathon - Developer* **| June 2020 | React, Redux | NYC-Budget-Visual**
A visual data representation app that allows users to view NYC's budget spending for the past 10 years.
• Used React and Redux to store data from NYC's Open Data API and present that data on our site.
• Built description cards for each expenditure and built a line graph to represent each expenditure dynamically.

**ReadMe |** *Developer* **| Nov - Dec 2019 |** *Google Cloud, React-Native, Redux* **| Project-Readme**
A native app that allows users to save articles from the web onto their phone for viewing at a later time.
• Built navigation, user articles list, offline refresh and animation features using React-Native and Redux.
• Built CRUD routes and validated data for users', recent and popular articles using Google Cloud Firestore.

## Experience

**Mt. Sinai Hospital |** *Financial Coordinator* **| Aug 2015 – Aug 2017**
• Increased insurance billing process efficiency and accuracy by building excel spreadsheets to track patient billing status, any billing issues, resulting in a higher customer satisfaction and less repeated calls for assistance.
• Saved hospital approximately $3000 by onboarding 100 patients to external assistance programs.
• Expert bilingual communication with English and Spanish-speaking patients regarding insurance benefits and financial options available.

**West-Side YMCA |** *Lifeguard* **| June 2014 – April 2020**
• Protect members from drowning and effectively monitor the pool for any potential problems.
• CPR/AED/First-Aid certified.

## Education

**Fullstack Academy | Certification | Aug – Dec 2019**
• Intensive full stack web development program based on the Node.js, Express, React, and (Relational) Database (NERD) stack.
• Received full-scholarship from the New York City Tech Talent Pipeline's (TTP) Web Development Fellowship (WDF) program and still currently part of TTP.

**College of the Holy Cross | B.S | Sept 2011 – May -2015**
• **Major:** Accounting
• **Minor:** Latino Studies

## Personal Skills

- **Transferable Skills:** Communication, Team Player, Patience & Understanding
